Sorry I had to get the answer to your question. It is our goal to respond to Priority 1 calls within 5 minutes. I hope that helps!

DEPUTY RICHARD NELSON #3525

Thank you. To follow up, in response #2, you say the Priority Calls are less than our research. Do you have a number for me to replace with?

Megan Ryan,

Attached are my responses to the questions on both projects. I hope this helps. If you have any questions or need any addition follow up, please don't hesitate to call or email.

Have a nice day and sorry for the delay!

Deputy Nelson,

Attached are the questionnaires originally sent to Sergeant Andrade. Please let me know if you have any questions. I appreciate your assistance.

Thank you,

Megan Ryan

Subject: Environmental Review Required with OCSD

Dear Sergeant Andrade:

As a follow up from our voicemails yesterday, attached are two letters being sent to you as part of an environmental review process being conducted pursuant to the California Environmental Quality Act (CEQA) for two proposed residential projects in the City of Lake Forest.

LSA is seeking information on how the proposed projects would affect the Orange County Sheriff's Department ability to provide services and whether the project would require new or expanded facilities. To assist with this effort, a project location map and questionnaire have been enclosed for each project with specific questions relating to services near the project area. It would be helpful to the analysis for us to receive a response by July 20, 2012. Please fax your response to me at (760) 918-2458 or email the response to megan.ryan@lsa-assoc.com.

Please note, while these projects are located close by to one another, they are being evaluated separately for purposes of CEQA. Feel free to contact me with any questions on either projects.

We look forward to your response.

Thank you,

Megan Ryan
